

Creative Journaling for Teens

Join us for a three-week journaling series. There are many great benefits to journaling. Journaling activities can be designed to help young people to use their imaginations and natural creative talents, to improve their communication skills, and to realize self-interests and possibilities.

Activity bags must be picked up from one of our sites prior to beginning of program.

ZOOM

Thursdays

December 3rd, 10th and 17th

4:00pm to 5:00pm

Suitable for ages 14 to 18
