Organization Overview

Carea Community Health Centre is a recognized leader in redefining the experience of community-based health and wellness services. We provide access to high quality holistic and inclusive care that is responsive to the needs of the community and empowers individuals to enhance their own well-being. Our name embodies what we do every day – we care. Caring for the health and wellness of our communities' residents is the cause that unites us. It shapes our thinking and guides our actions.

Carea Community Health Centre is a registered charitable organization providing a variety of free, community programs and services including: health promotion and wellness programs; primary care, counselling and mental health; diabetes education; Hepatitis C screening, treatment support, education and outreach; geriatric assessment & intervention; young parent support, youth programs, Indigenous programs; community development programs; and fundraising events which include developing charitable partnerships/sponsorships to fund programs.

In line with the CHC Model of Health and Wellbeing, our expert team works with our clients to provide holistic care, support, and wraparound services that empower clients to improve their health and wellness. We strive to be accessible to those in the community who face access barriers like culture, gender, geographic isolation, homelessness, language, physical disabilities, poverty, and race.

We are Carea Community Health Centre! Care. Compassion. Community.

Position Overview

Working within the High Priority Communities (HPC) Team, the NP will provide comprehensive, client-centered primary health care that emphasizes accessibility, health promotion, illness prevention, and continuity of care for clients residing in High Priority neighbourhoods through a mobile community-based model.

The NP will provide primary care assessments related to screening, prevention, treatment and referrals to community programs. The NP with support from the HPC Team will activate clinical pathways, referring

clients to additional Carea services and connecting them with community-based and specialty services as indicated.

The NP will be an effective, collaborative member of the HPCCC Team providing clinical services to equity-deserving members of our community (ex. Racialized, Newcomers, Seniors, those living in poverty). The NP will demonstrate advocacy and leadership skills to champion and support goals that align with and achieve Carea CHC's Strategy, Vision, Mission and Values, internally and externally, in the context of safe and ethical NP practice.

Key Responsibilities

- Within a community mobile outreach model, perform clinical assessments, and therapeutic interventions within full scope of practice to address the biopsychosocial needs of clients, including those with multiple comorbid health conditions, mental health diagnoses and/or concurrent disorders involving substance use/abuse, recognizing the importance of social determinants and associated health risks
- Actively participate within a model of care which includes Carea clinical services and health promotion staff as well as consultation and collaboration with external providers and partners
- Provide leadership by promoting a proactive and supportive team environment, contributing substantively to the development, implementation, and evaluation of an emerging program and related structures and processes of care
- Contribute to activities related to the development, implementation, and evaluation of medical directives, policies and procedures, and best-practice guidelines
- Complete timely and accurate medical records of client encounters, documentation and third-party correspondence using Carea CHC's Electronic Medical Record (EMR) system
- Ensure client care and caseload is managed to achieve the goals of Carea CHC's *Multi-Sector Service Accountability Agreement* (MSAA) indicator targets with Ontario Health
- Participate in chart reviews, development, and implementation of Quality Improvement Plans (QIP) and accreditation activities
- May be required to conduct home visits with clients
- Participate in client care through a community mobile clinic
- May provide clinical supervision and training for NP students and orientees
- On-call coverage as required
- Participation in mandatory education and training as assigned
- Other duties as assigned

Key Qualifications

- Nursing Degree – completion of a Master's degree in Nursing
